

9 June 2015

Notice of Motion, Cr Mayne: Australian Local Government Association, National General Assembly, 14 to 17 June 2015

Motion

That the Future Melbourne Committee consider and resolve on matters listed for discussion on the business paper for the Australian Local Government Association (ALGA) National General Assembly (NGA) to be held between 14 and 17 June 2015.

Background

The business papers for the 2015 ALGA NGA were released on 1 June 2015. The papers contain 80 motions submitted by councils from around Australia on matters important to the local government communities across the nation.

Consideration of the matter at Committee on 9 June will allow Council delegates, Councillors Mayne and Ong, to best represent the City of Melbourne in debate and voting on matters listed.

The Committee meeting will also allow members of the community to make submissions which will assist in the formulation of a City of Melbourne position on the range of issues included in the business papers.

A listing and full details of motions submitted by councils is available on the ALGA's website at www.alga.asn.au
